

Holidays around the World

- Each cake must be made out of Styrofoam, but must be able to be made out of cake or Rice Krispies (at least 75% cake).
 - Your space is 15"X25". If this is not sufficient, please contact the fair office. The cakes will be displayed on a table with a white cloth. You may bring your own cloth but be sure it fits your space.
 - You will receive a number for your entry which will be placed next to your cake. After the judging each cake will be identified with the name of the decorator. There will be a separate place for business cards. The cakes will be roped off from the public.
 - Be creative with this theme.
 - Non-edible objects placed on your cake will not hurt your score but will not help it either. Objects made from sugar will increase your score.
 - A 3" x 5" card with a detailed description of your cake must be included in the presentation. Tell the judges what is edible, or any special skills used to create the cake.
- Remember - make your very best cake and take your time. Don't rush it as you want to be able to show off your talent.
- If you have any questions please contact fair office at (208) 785-2480 or Desi Richards 357-5484 or email desiscustomcakes@hotmail.com
