

The Art of Sugar Flowers Contest 2009

- The Flower Theme is: **The Lily**
- Be sure your flower is all edible except for the wire stem.
- The flower you make must be a real flower and you must have a picture and name of the actual flower you are duplicating
- The base does not need to be edible if you are placing it on a purse, a jewelry box, a pot or vase, or some type of decoration. However, you will gain extra points if it is edible. The more detail you can give the better your score will be.
- You may make a few lilies and place them in an arrangement with other flowers or fillers but only the lily will be judged.
- Your space is only 10"X10" - call if you need a little more.
- More information call Fair Office at(208) 785-2480 or Desi Richards at 357-5484.
