

Best of the Fair Food Awards 2015

Judge's Instructions:

- You will be judging eight items in each award category for the following three aspects:
 - Taste
 - Creativity
 - Appearance
- Items will be brought out in the order of your score sheets approximately every 5-10 minutes.
- Taste and Appearance must be scored from 1 to 10 and Creativity/Originality must be scored from 1 to 5 with the higher numbers being the best.
- You **do not** necessarily need to select a final score immediately. You may make notes and use temporary check marks or underlines on your score sheets. This will give you an opportunity to see and compare the other food items so that an item isn't given an arbitrarily high or low score.
- For your final score, please use an ink pen to make a large circle around the appropriate number.

EXAMPLE

Item: Corndog Supreme

JUDGE _____

Description: Giant beer batter dipped corndog drizzled with pepper jack cheese sauce
